We are looking for:

## **GOODS INWARDS QUALITY CONTROL INSPECTOR WITHIN THE QESH DEPARTMENT**

We are currently looking to recruit a Goods Inwards Quality Control Inspector within the QESH Department, who will be required to work 40 hours per week (08:00 – 16:00, Monday to Friday).

The candidate will provide assistance from within the Goods In/QESH department, carrying out sample inspections of incoming goods ensuring that they comply with product specification, ISO 9001:2008 and the company's Quality Management System. Deal effectively with sales, customer and supplier returns within company requirements. Customer ceramic pot fit, and flush testing.

The ideal Applicant will have the relevant experience in a similar environment.

The main duties:-

- To inspect all products arriving to "Goods In" to ensure specified standards are maintained.
- Conforming to controlled procedures for changes to specified requirements and company operating standards.
- Compilation, distribution and escalation of goods received non-conformity reports and where required liaising with the procurement department to ensure all supplier non conformities are resolved.
- Responsible for presence of master samples and part identification of purchased items.
- Recording and processing customer returns in a timely manor.
- Carry out product testing in a laboratory environment and generating reports.
- Some fork truck work will be necessary (a valid licence is desirable)

A Full job description is available on request and training will be provided as necessary
